

Downloading Office 365 document to upload to Brightspace

Overview

These are instructions for saving a Office 365 document to your computer and uploading to Brightspace. Sometimes Office 365 has a 'Save As' or 'Save' feature that just saves a digital copy of a paper onto a OneDrive account, and isn't a real docx file.

Getting Started

- Click the 'File' button on your document.
- Click 'Save As'.
- Click 'Download as a copy'.
- Download as a copy will allow you to download the actual .docx file for submitting into Brightspace.
