

Wi-Fi Network: MCC-Students

Overview

These instructions are to connect to the Student Wi-Fi network. MCC-Students Wi-Fi network is for Students ONLY - Guests, Faculty & Staff will be unable to access

Getting Started

- Open your **Wi-Fi settings** and connect to **MCC-Students**.
- You will be redirected to our Web Portal login page.
 - If you are not redirected to the login page, manually go to a website you have not accessed in a while (something not in your history, and you do not have a shortcut to).
- Log into the Wi-Fi using your username and password.

Advanced Troubleshooting

Please proceed with caution. McLennan Community College is not liable for any damage caused while trying these steps. If you need assistance, please stop by Help Desk and a Help Desk Representative can assist you.

- If laptop tries but is not able to connect to student WiFi login page, check the your DNS settings of the wireless adapter.
 - It should be set to detect the DNS server automatically (public DNS is not supported).
- If other IP(s) are added in the DNS field, make a note of the numbers then remove them, then try to reconnect to the network.
 - **Important.** Add the IP Address back that you removed after you are done using the Student network.
